**Sermon Title/Text:** Preparing For THE Final Pt. 2: Study Guide-Love Each Other (1 John 3:10-15)

**The ONE Thing:** The church should be like a gang.

**Sermon Synopsis:** Last week we began a series discussing the Bema and Paul's words of encouragement to build with gold, silver and precious stones-things that will stand in the fire of the Bema-instead of wood, hay, and straw. Beginning this week, we'll be talking about specific ways Christians can build with gold, silver and precious stones. The first way is loving each other.

### **'At Home' Follow-up Questions/Ideas**

- **What did you think about the story Francis Chan told about the former gang member thinking the church was going to be like a gang (i.e., like a family who had each others back) and left the church when he found out that was not the kind of love his church had?**
- **On a scale of 1-10, how well do you love other Christians (not just those you are friends with)? Why do you give yourself that rating?**
- **How is loving other Christians well a witness to the world/non-Christians? How can not loving each other well be a negative witness?**
- **Are there any Christians you have sinned against or are holding a grudge against you need to go talk to?**
- **Pray with your youth that they will live in such that they love others well and will be a witness for Christ in doing so.**
